PAYMENT**

**REAL-TIME
BILLING**

**CONNECTED &
AUTONOMOUS**

— **More control. · More transparency. · More profitability.** —

PoolKeepr

— THE CONNECTED CABINET THAT REINVENTS YOUR BILLIARD GAMES —

The operators' dilemma

PER-GAME MANAGEMENT

- ✓ Easy to start
- ✓ Autonomous
- ✓ But less profitable if the customer keeps playing longer

VS

HOURLY MANAGEMENT

- ✓ More profitable
- ✓ Billing based on actual play time
- ✓ But more restrictive for the front desk
- ✓ Deposit / manual handling

PoolKeepr combines the best of both models.

Your connected cabinet

An autonomous solution that secures equipment, streamlines the customer experience and optimizes the profitability of your billiard tables.

Connected lockers

Smart payment terminal

RFID reader

Cloud management

Connected scales

Status LEDs

Customer journeys

BANK CARD JOURNEY

RFID JOURNEY

MORE PROFITABILITY

Real-time billing and better monetization of tables

LESS WAITING

Reduced front-desk workload

MORE SECURITY

Equipment protected, tracked and returned

MORE SATISFACTION

A smooth, modern and autonomous experience

More control. • More transparency. • More profitability.
